Subject: RE: Please comment: abstract for NAS workshop

I understand. It's been my experience, too, since I joined NCEA.

Vince,
I have been flat out in meetings and again now until 4. I will try to look at this when I get out....
Tina

Vince,
I really need these slides asap. IOAA is annoyed that they have not been cleared yet...you must understand that this is not the environment to take these issues lightly. Please send Mary, Samantha, Lou and me the slides asap. And please put abstract and slides in STICS separately.

Thanks,
Tina

Hi Vince,

Do you have any more background on this? Have you seen frameworks being fundamentally changed with the new data or more that additional data are being considered.

Vince,

I'd like to see your slides as well. Are they in STICS already?

Tina

Subject: Please comment: abstract for NAS workshop

Hello everyone—Next week I'll be speaking at an NAS workshop on "Advances in Causal Understanding for Human Health Risk Based Decision Making." We had the speaker-prep and session-outline call just this past Friday afternoon, and they want an abstract today.

Attached I what I've written up. I'd appreciate any comments before sending this on to the NAS staff later this afternoon.

Thank you,

Vince
